Box Non-Fee Amendment
Commissioner for Patents
Washington, DC 20231

Dear Sir:

In response to the Office Action dated May 8, 2002 (Paper No. 4), please amend the above-identified U.S. patent application as follows:

In the Specification

Please amend the specification as follows (A marked-up version of the amended specification is attached):

On Page 5, Paragraph beginning on Line 6:

A¹ Figs. 5a to 5f are plan views of various conductive object detection patterns provided to a TFT type optical sensor according to a preferred embodiment of the present invention.

On Page 5, Paragraph beginning on Line 13:

A² A substrate 10 is divided into a window A, a sensor TFT area B, a storage area C and a switching TFT area D. A conductive metal is deposited on the substrate 10, then patterned such that a sensor gate 12, a first storage electrode 14, and a switch gate 16 are respectively formed on
